Hi-- sorry bout the vm. I haven't yet seen the reports, was having trouble linking to them. Would defer to USGS on them. Did you get in touch with Dave Ozman?

Subject: WPR question

Hi Richard –

I tried leaving you a voicemail but it cut me off, so I figured I'd email instead. I'm trying to make sense out of the USGS reports regarding groundwater testing in Pavillion...but they're a bit confusing. Could you give me a call? 307-766-5086.

Thanks!
-Willow
